

# National Forest Week Poster Contest 2016

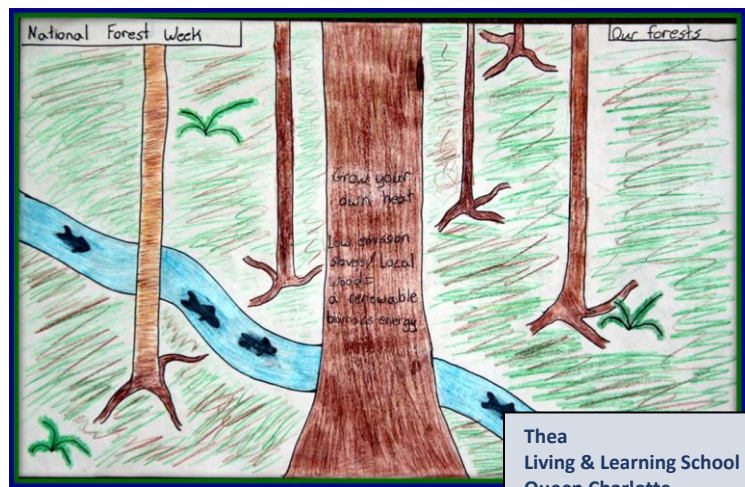

FORED BC once again sponsored the National Forest Week **annual youth poster contest**. The theme was **Canada's Forests – True North, Strong and Green**. We received **hundreds of entries from all across BC**. Three winners (between ages 5–18) were each awarded a \$50 prize.

Although it was a difficult task to choose only three winners from the hundreds of excellent entries received, our volunteers selected the **three winning posters shown below**.
